

Keeping up with the Jones's will be a breeze using the services of

ARNIE JORDAN LANDSCAPING

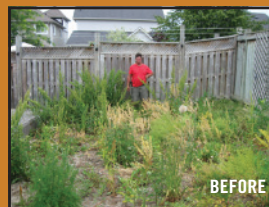

- **AERATING** Remove small cores of soil from your lawn and have healthier root growth and healthier grass.
- **FERTILIZING** Have a greener thicker lawn. Ask about fall fertilizing.
- **TOP DRESSING & SEEDING** For larger or troubled areas.
- **FALL PRUNING** Prevent damage from winters heavy snow and ice by having your trees and shrubs pruned this fall.
- **FALL CLEAN-UP** Tired of raking leaves? Ask us about leaf blowing and eavestrough cleaning.
- **LANDSCAPE DESIGN**
- **TREE & SHRUB PLANTING & REMOVAL** Now's the time! Fall stock is here. Have your trees and shrubs off to a good start by planting this fall.
- **GARDENING & MULCHING** Have your gardens edged, weeded and mulched.
- **LAWN MAINTENANCE** Grass cutting and trimming.
- **SODDING** Enjoy an instant green, thick and healthy lawn.

It's always been a pleasure when Arnie and his staff come to work on our property. It gives my husband and I time to work with our horses and enjoy bicycling more often.

~Marilyn J.

My backyard had been taken over by some type of grubs and had grown literally into a weed garden. I called Arnie and he suggested a process where by the weeds and soil were treated to eliminate the source of the infestation. The weeds were then removed and the soil allowed to rest. Arnie and his crew then arrives with top soil and fresh sod. They were friendly and courteous and the end result is a beautiful lush lawn. I would be certain to have Arnie back for further landscaping needs.

~Liesel F.
