

WHC Philosophy

For more than a decade, the World Hockey Centre has offered one of the most comprehensive skill development programs in North America. It is through our world class, professional training that we help our players reach their hockey goals. This is exemplified through our years of experience in training and preparing young players to reach their hockey goals.

WHC Training

Skill development and conditioning are the essential elements of our training program. Endurance, quickness and agility are all finely tuned on the ice, while weight training, conditioning and off-ice shooting are a part of our dryland training. Off-ice, players will make use of our obstacle course, ball hockey court, outdoor shooting lanes, weight room and spin bikes.

Players receive:

- 1.5 hours of skill development per day
- 1 hour officiated game per day
- 2 hours of dryland training per day

Goalies receive:

- 1 hour of skill development per day
- 1 hour of goalie specific training per day
- 1 hour officiated game per day
- 2 hours of dryland training per day

Additional ice time may be available, and everyone has full access to the WHC training facility.

WHC Staff

Rick Sage - Camp Director

Jody Robinson - Head Instructor

- NCAA - Mercyhurst College
- UHL - Elmira Jackals
- AHL - Rochester Americans
- AHL - Bridgeport Sound Tigers

John Ceci - Goalie Coach

2010 Dates

- July 11 - July 17
- July 18 - July 24
- July 25 - July 31
- August 1 - August 7
- August 8 - August 14

Testimonial

"I can't tell you how pleased I have been with Ryan's experience this summer at the World Hockey Centre. He came back better conditioned than the rest of his team and he has kept it up. More importantly, his skating, passing and most noticeably his shooting have improved dramatically this year over last year!"

Steve Snyder
Father - Reading, PA

2010 Pricing

\$750 CDN per week

Price includes:

- Ice time
- Dryland training
- Off-ice shooting instruction
- WHC jersey and socks
- Room and board (meals included)
